From the President

This past week, I had the grand opportunity to step out of my usual dog life, and see another venue. For the first time in my life, I attended the Westminster Kennel Club Dog Show in Madison Square Garden, NY. I've been to the garden before, for hockey and basketball and the National Horse show, but this was my first time at Westminster. Anyone running an event could take a page from their how to book, in terms of making folks feel welcome. When we pulled up in the minivan on a snowy Tuesday morning, their volunteers were on 33rd street inviting us up the ramp and into the garden. Between the WKC and garden staff, we were checked in and directed, and we felt like we were unloading a rock star, not just a Labrador, onto that concrete ramp. People were helpful all along the way, to setting up and getting on our bench, and throughout the day. I'm no dope, I know it takes a LOT of coordination to pull off a show of this magnitude, and I know that it isn't just a matter of volunteers, in a venue like MSG, there is a lot of paid help involved (hence the hefty entry fees). But big or small, it's a great thing to be welcoming to others. The outside world talks about how rough New York is, if you can "make it there, you'll make it anywhere", well it was a warm friendly place last Tuesday I am sure in no small part to the efforts of the Westminster Kennel Club, but also because we were in the world of dog people, crazy dog people, over the top, this is OUR Olympics dog people! We recognize the good qualities in dogs and try to have some of those same good qualities in our relationships with others. Wouldn't it be great if the whole world conducted itself like the dogs at Westminster? Compete, show off, and at the end of the day, wag your tail and go home happy.

Club News

THANK YOU NOTES

To everyone that supported the

LRCGB 4th Annual Obedience and Rally Trials

THANK YOU!

A round of applause is due to everyone that pitched in to make our event another success. Working with such great people makes chairing this event very rewarding and the weekend lots of fun! The club needs to give individual recognition and thanks to:

Pam Kimel, she has been the "Trial Secretary" for 4 years. Awesome job again this year Pam – we couldn't do it without you! Pam has volunteered to be the trail secretary for the 2011 trials.

Judges: Jeanne Charest & Don Thornton and Donna Blews-Pappas Without qualified judges there would be no competition. Kudos to the judges!

Fran Masters, Chief Steward and Emergency Coordinator. Fran is the perfect hostess, she makes everyone feel welcomed. Fran owns the MasterPeace Training Facility. Fran, please pass on a huge thank all the wonderful stewards that worked so hard for the club. Fran has also volunteered to handle these same positions for the 2011 trials.

Robin Anderson – "Raffle Princess" was not able to attend the event again this year due to having a litter of Lab pups to take care of, but she had everything in order and it was very easy Gerrie Owren, Gayle Abrams, and Stephanie to pick up the baton and run with it. Thanks to all who donated and participated ... again this year we donated the proceeds of the raffle to the Labrador Retriever Rescue and Lab Lifeline = \$345!

Beth Teixeira & Donna Gray - Hospitality, Beth Chapman - Trophies, Lisa Kinsman & Lynda Jarrett - Parking, Danette Smith – multiple duties, and Pam Shaw – the LRCGB money gal You all made our jobs so easy and made our club look so GOOD!

A BIG "Thank You" to ALL the Members and Friends of the LRCGB that made the club's 4th Annual Obedience and Rally trial

a huge success!

2010 Chairpersons

Cheryl Palmer – Obedience

Gerrie Owren – Rally

FYI 2011 Chairpersons will be Joel Wolf – Obedience and Gayle Abrams – Rally Please consider accepting positions to help them when they start their recruitment process

Well from a judge's viewpoint-- this was a GREAT trial. Details covered, stewards who helped not only the judge but the exhibitors especially the newcomers to the sport. This is the type of trial that will keep our sport going.

So from me guys, you get a big round of applause for job well done. Also any of you who worked with the exhibitors, kudos to you. The Novice A class blew me away. Our sport is not dead if we can keep people like that coming along. Thank you for your kind invitation to be part of this trial .

Rescue News

LRCGB supports Labrador Retriever Rescue, Inc., a non-profit, volunteer organization dedicated to placing purebred Labrador Retrievers in suitable, loving homes. Our Labs come from, and are placed in, homes in Massachusetts, New Hampshire, Vermont, Rhode Island, and Maine.

Follow Lab Rescue on Twitter:
www.twitter.com/labrescue1988.

Search the Web with GoodSearch to help Lab Rescue

What if Labrador Retriever Rescue earned a donation every time you searched the Internet? Or how about if a percentage of every purchase you made online went to support our cause? Well, now it can!

Search the web with GoodSearch.com and each time you do a search, GoodSearch will donate about a penny to our cause!

GoodSearch.com is a new Yahoo-powered search engine that donates half its

advertising revenue, about a penny per search, to the charities its users designate. Use it just as you would any search engine, and watch the donations add up!

And if you download the GoodSearch Lab Rescue toolbar, Lab Rescue will earn money every time you shop and search online—even if you forget to go to GoodShop first! Add the Lab Rescue toolbar at <http://www.goodsearch.com/toolbar/mode>.

On GoodSearch.com, we show up as "Labrador Retriever Rescue (Hamilton MA)".

Ongoing Volunteer Opportunities

We need knowledgeable Lab people for a variety of volunteer opportunities throughout our service area. Most tasks involve a small time commitment, just a few times a year:

- Foster homes (not kennels) provide a temporary residence where the dogs can be observed in a natural, family setting, pending adoption by previously screened applicants. The typical stay in foster care is 1-2 weeks.
- Conduct home studies of people in your area who have applied to adopt from LRR. You and your Lab visit applicants, by appointment, and complete a home study form. Each visit takes 30 minutes to 1 hour.
- Evaluate Labs at shelters, vet clinics, or private homes for temperament, health, and to make sure the Lab is purebred. Each visit takes 30 minutes to 1 hour.
- Other opportunities include basic obedience training, transport, publicity, fundraising, public education.

DEAR LABBY

"Dear Labby" will be a once-in-a-while, hit or miss column dedicated to helpful hints for the owner of one or many Labradors. Dear Labby won't dispense veterinary or breeding advice and won't touch anything even hinting at controversy with a ten-foot pole.

Photo courtesy of Abner Barlow

She will, however, welcome any tried and true helpful hints her readers may have and try to include them in her column. When submitting something please indicate whether or not you wish your name used.

Dear Labby

I am sick and tired of mopping up after sloppy drinkers. Can you help?

Sick and Tired

Dear Sick and Tired

Assuming you are not the bartender at The Rusty Anchor and are talking about our favorite breed, I think I can offer some help. Dear Labby has found that using a boot tray (the deeper the better) will work nicely depending on the size of the bowl or bucket. Another possibility is a large dishpan. And our favorite is an old-fashioned barn tray that used to be found outside of every dairy barn door to rinse your boots. These are plastic and just the right height and size for a standard-size stainless steel bucket or even two. Unfortunately, they have been replaced by disposable plastic boot covers to a large extent and are now difficult to find. If you find any please contact Dear Labby as she has been mending hers with duct tape for years.

Deed Not Breed!

Would you welcome these well-behaved pooches into your neighborhood?
Of Course!

AKC® believes a dog should be judged by its deeds, not its breed. We are dedicated to the passage of reasonable, enforceable, non-discriminatory laws to govern the ownership of dogs.

Best-in-Show winner "Rufus" is not only a seasoned show dog but a fun-loving family pet.

Unfortunately, some legislators believe they can protect their communities by imposing laws that restrict or completely ban dogs based on breed alone, with little or no consideration of well-mannered canines. AKC knows there are better, more effective alternatives.

Pet Astrology

ARIES (Mar 21- Ap 20) Aries cats and dogs are born to be leaders in their territory. They try to boss the other pets in their immediate neighborhood. No other pet can dare to bully them. They cannot be easily put under leash. They call for attention. If not given adequate attention, they are likely to become rebellious, stubborn and disobedient. When pampered they do not hesitate to show back their gratitude. It is a little difficult to get them under your words. They are known to be territorial and defend the same with all their might.

TAURUS (Ap 20- May 20): Taurus pets are known to be lazy ones. Some snacky food and a good music shall see them to be couch potatoes. They are particularly fond of soft music. They love a luxurious life just as their adult counterparts. They tend to put on some weight with age. They are fond of gentle and warm surroundings where they can while their time away. They do not give up a fight easily. Taurus pets love the best things in life.
